MONTEREY COUNTY SUPERIOR COURT ADDS ATTORNEY LOGIN FEATURE TO MOBILE APP

Monterey County Superior Court is pleased to announce the addition of the new Attorney Login Feature as part of the Court's Mobile App. Continuing the trend of a unified experience for improved access to court services and information, the attorney login feature will provide frequent users with added benefits and a unique user experience.

The Attorney Login Feature provides a number of specialized options to the mobile app including access to daily calendar information, access to case documents in PDF form, bail and warrant information and access to the case disposition tab. The app also maintains a clickable list of all of the cases for each individual attorney where they are listed as the attorney of record in addition to those assigned to law firms and legal groups which provides a personalized docket at the user's fingertips.

By taking the lead on these innovative efforts, Monterey County Superior Court has designed technology that can serve as a guide for other California Courts for years to come. The Honorable Julie Culver, chair of the Court Technology Committee and member of the State level Information Technology Advisory Committee, said, "In implementing technology solutions to improve court services we are focused on helping more people, more efficiently and more conveniently. We are delighted to provide continuing updates to our public facing technology allowing the public and attorney users to access court information remotely. Recent updates to the mobile app will further promote and expand access to justice and court services for our community".

Monterey County Superior Court will be hosting a demonstration of the Court's Mobile App, highlighting the new Attorney Login Feature. Questions and comments will also be welcomed during the hour long presentation. Dates and locations are listed below:
