

# CONSTITUTION DAY 2022

September 17 is designated as Constitution Day and Citizenship Day and was established to celebrate the signing of the U.S. Constitution on that day in 1787.

Each year in partnership with Monterey County Office of Education, members of our bench visit 5<sup>th</sup> grade classes to talk about the Constitution and the Branches of Government.

We are proud to report that over a two (2) week period this September, nine (9) visited schools and spoke to 5<sup>th</sup> graders! They were able to visit 12 schools in Monterey County.

*Thank you to all who participated and who took time out of their busy schedules to participate in this very special outreach effort!*
