

Constitution Day 2021

September 17 is designated as Constitution Day and Citizenship Day and was established to celebrate the signing of the U.S. Constitution on that day in 1787.

Each year in partnership with Monterey County Office of Education, members of our bench visit 5th grade classes to talk about the Constitution and the Branches of Government. We are proud to report that over a two (2) week period this September, eight (8) judicial officers and one (1) Research Attorney/Pro Tem Judge visited schools and spoke to 5th graders! They were able to visit 9 schools in Monterey County.

Thank you to all who participated and who took time out of **their** busy schedules to participate in this very special outreach effort!
